J.P. MORGAN HEALTHCARE CONFERENCE

Bill Chase, Executive Vice President, Finance and CFO

January 14, 2015

Disclaimer and Forward-Looking Statement

This presentation and its contents are confidential and may not be reproduced, redistributed, published or passed on to any other person, directly or indirectly, in whole or in part, for any purpose.

This presentation is neither an offer to purchase nor a solicitation of an offer to sell securities. No offer, solicitation, purchase or sale will be made in any jurisdiction in which such an offer, solicitation, or sale would be unlawful.

Some statements in this presentation may be forward-looking statements for purposes of the Private Securities Litigation Reform Act of 1995. The words "believe," "expect," "anticipate," "project" and similar expressions, among others, generally identify forward-looking statements.

AbbVie cautions that these forward-looking statements are subject to risks and uncertainties that may cause actual results to differ materially from those indicated in the forward-looking statements. Such risks and uncertainties include, but are not limited to, challenges to intellectual property, competition from other products, difficulties inherent in the research and development process, adverse litigation or government action, and changes to laws and regulations applicable to our industry.

Additional information about the economic, competitive, governmental, technological and other factors that may affect AbbVie's operations is set forth in Item 1A, "Risk Factors," in AbbVie's 2013 Annual Report on Form 10-K and in Item 1A, "Risk Factors" of Part II of AbbVie's second quarter 2014 Quarterly Report on Form 10-Q, which have been filed with the Securities and Exchange Commission.

AbbVie undertakes no obligation to release publicly any revisions to forward-looking statements as a result of subsequent events or developments, except as required by law.

2014: Year in Review

Strategy Focused on **Delivering Strong Results and Returns for Shareholders**, Ensuring AbbVie is a **Sustainable Growth Business**

- Delivering strong operational performance and shareholder returns; 2014 total shareholder return of 28%
- Through first three quarters of 2014, delivered sales and earnings above original guidance; outperformance allowed us to raise full-year EPS guidance twice
- 3 Driving double-digit growth from HUMIRA and several other products
- Delivering margin improvement and continued investment
- Advancing our compelling pipeline

Continued progress toward building a platform for **future growth and innovation**

2015: Strong Outlook

Expect to deliver industry-leading EPS growth in 2015

- Expect adjusted earnings per share of \$4.25 to \$4.45
- Guidance to be further refined as HCV launch progresses
- Guidance midpoint reflects adjusted EPS growth of more than 30% from 2014 guidance range
- Performance driven by continued strong growth from HUMIRA and the launch AbbVie's HCV regimen, VIEKIRA, partially offset by the impact of generic competition on certain brands
- Expect to deliver strong operating margin improvement

Key Products with Category Leadership Positions

Unique attributes differentiate from competitive agents

Leading pancreatic enzyme replacement therapy

Leading hormone therapy for the palliative treatment of advanced prostate cancer

Synthroid. (levothyroxine sodium tablets, USP)

Only approved product for prevention of RSV

Leading branded synthetic hormone for thyroid disease

Novel therapy for advanced Parkinson's disease; Recently received approval for Duopa in the U.S.

Viekira Launch

- Recently approved interferon-free HCV regimen
- U.S. launch now underway; EMA marketing authorization expected in early 2015
- Pleased with product label and updated AASLD guidelines
- Strong commercial execution and trajectory to date
- Will provide more color regarding 2015 sales expectations on 4Q14 earnings conference call
- Well positioned for success in large and growing market

Compelling Development Pipeline

More than 40 active clinical development programs underway

Programs span large and growing specialty categories

Strong capabilities in both small molecule and biologics drug development

Pipeline assets have potential to deliver compelling clinical performance, patient benefit and economic value

Potential sales projections from late-stage pipeline represent significant opportunity

Pipeline Highlights: Oncology

Compound	Mechanism	Indication
ABT-199	Bcl-2 inhibitor	Chronic Lymphocytic Leukemia (Phase III) Acute Myelogenous Leukemia and Other Hematologic Malignancies (Phase II)
Duvelisib	Dual PI3K inhibitor	Chronic Lymphocytic Leukemia (Phase III) Indolent Non-Hodgkin Lymphoma (Phase II)
Veliparib	PARP inhibitor	Neoadjuvant treatment of TNBC (Phase III) Squamous NSCLC (Phase III) BRCA Breast (Phase III) Non-squamous NSCLC (Phase III) Ovarian and Other Cancers (Phase II)
Elotuzumab	SLAMF7	Multiple Myeloma (Phase III)
ABT-414	Anti-EGFR	Glioblastoma Multiforme (Phase II)

Pipeline Highlights: Immunology

Compound	Mechanism	Indication
GLPG0634	Selective JAK-1 inhibitor	Rheumatoid Arthritis (Phase IIB)
		Crohn's Disease (Phase II)
ABT-494	Selective JAK-1 inhibitor	Rheumatoid Arthritis (Phase II)
Tregalizumab	Anti-CD4	Rheumatoid Arthritis (Phase II)
n eganzamaa		Psoriasis (Phase II)
ALX-0061	Anti-IL-6 nanobody	Rheumatoid Arthritis (Phase II) Systemic lupus erythematosus (Phase II)
ABT-122	DVD-Ig: Anti-TNF/IL-17	Rheumatoid Arthritis (Phase II)
ABT-981	DVD-lg: Anti-IL-1 α/β	Osteoarthritis (Phase II)
ALV-003	Mixture of two recombinant gluten-specific proteases	Celiac Disease (Phase II)

Pipeline Highlights: Daclizumab, Elagolix and Atrasentan

Compound	Mechanism	Indication
Daclizumab	Humanized antibody specific for IL2 receptor	Relapsing Remitting Multiple Sclerosis (Phase III)
Elagolix	GnRH antagonist	Endometriosis (Phase III) Uterine Fibroids (Phase IIB)
Atrasentan	Selective endothelin-A receptor antagonist	Diabetic Kidney Disease (Phase III)

Partnering and In-Licensing Activity

Continued augmentation of pipeline through concerted focus on strategic licensing, acquisition and partner activity

Recent collaborations with Calico and Infinity provide opportunity to accelerate development in promising areas of unmet medical need

Returning Cash to Shareholders

Significant and growing cash flow

Recently increased quarterly dividend by nearly 17%

New \$5 billion share buyback program to be executed over next several years

Strong commitment to growing our dividend and returning cash to shareholders

Established a strong foundation as an independent company

- Focused on executing on key strategic priorities
- Strong track record of exceeding financial commitments
- Generated significant shareholder returns
- Driving leading performance of marketed brands
- Advancing promising pipeline to fuel future growth

Entered 2015 with strong momentum; expect to deliver industry leading growth
